

Cub Club Playgroup

This playgroup provides opportunities for parents and young children to engage socially, play together and learn together. It's perfect for parents who want to understand HOW to support their child's development. You will learn strategies to help your child thrive in everyday routines.

Objectives

- Provide opportunities for children to engage and participate in the routines of a group program
- Provide opportunities for children to engage in social play
- Develop parent's understanding of their child's development and how to implement strategies in every day life
- Provide an opportunity for parents to connect with other parents on a similar journey

Who should attend this program?

This group is open to children who show signs of developmental delays or have a diagnosis of Autism or up to age of 4, with a parent present.
